# Complete your Profile

The first time you log in, you will be asked to **update your profile**. This is to help network and matchmaking with other conference attendees and enhance your conference experience

The mandatory fields are marked with an asterix, but it's advised you complete as much information as possible

This is not a data collection activity, the information shared will be stored only in your event profile

Once you have completed your profile, scroll to the bottom of the page and click **'Continue'**

After that you can fill in your **"Interest"** and then click on **"Finish"**

# Quick Guide to the Platform

Key things to remember, throughout the conference:

- The **Agenda** tab displays the full conference agenda, on this tab you can browser through the various days and tracks
- The current live sessions will be **displayed on the home** page for you to join easily
- Session will be available to **join at the start time of the session** and throughout the duration of the session
- Once the session is ready to join, you will be able to click on **'Join Session'** button
- View all posters and network with the poster authors on the **'Posters'** tab and
- You can watch past content by selecting the **'View Session'** button on your preference session from the agenda page
- Once a session has ended, click on the **'Leave'** button to return to the agenda and select to join the next live session
- Extensive networking opportunities are available in the platform, visit the **Quick Guide on the Attendees Tab and Lounge Tab**
- Be sure to show your support for our conference sponsors by **visiting their virtual booth within the Sponsors Tab**

You can click on the **Quick Guide** on any tab to get assistance on the features available on that page You can access the **Support Chat** feature at any time to ask the conference team a question

# Live Streaming

While watching the sessions, if you need to change the quality of the presentation please follow the steps in order to view the content in high resolution

- On the **play bar**, click on **setting icon**:
- After clicking on the setting icon, you can change the **resolution to 720p** to watch the live streaming in high quality

The screenshot displays a live streaming interface. The main content area shows a presentation slide titled "Verbal and Written Communications" with text about audit attributes and strategies. A settings gear icon is highlighted in the bottom right corner of the video player. A blue arrow points from this icon to a settings menu that appears over the video. The menu shows resolution options: Auto, 720p (highlighted with a red box), and 540p. Other options like 1080p and 4K are also visible but dimmed. The interface includes a play bar at the bottom with a play button, a volume icon, and a settings icon. The right sidebar contains a Q & A section with a "No Questions asked yet. Ask a Question" message and a "Type question..." input field. The top navigation bar includes icons for Q & A, Polls, Attendees, and Sessions.
